

Help our community generate ideas to name the dam and reservoir

The Site C Project is nearing completion, and the dam and reservoir will be officially named.

BC Hydro recognizes the importance of cultural recognition and acknowledging Indigenous peoples' connection to the land which is why they are seeking input and involvement in the naming of the dam and reservoir.

Share your ideas

Include your ideas for Indigenous names (if known), English names and any comments you'd like to share here:

Indigenous name	English name	Comments

This is a multi-Nation decision making process. All ideas will be considered and shared with designated representatives for further input and review.
